SUMMARY

Recent Communications Engineering graduate with a strong foundation in problem-solving and technical thinking. Currently, I enrolled in the DEPI Front-End Development track, with hands-on training in HTML, CSS, JavaScript, and modern frameworks. Seeking an entry-level Front-End Developer role to apply my growing skills, contribute to real-world projects, and continue expanding my expertise in web technologies.

EXPERIENCE

React Developer Digital Egypt Pioneers Initiative - DEPI	June 2025 – Dec 2025
Completed a comprehensive program covering:	
<ul style="list-style-type: none">Front-End (React.js) (Bootstrap,TailwindCSS) (HTML, CSS, JavaScript) Git and GitHubBack-End (Node.js, Express ,MongoDB)	
Web Design National Telecommunication Institute - NTI	Aug 2024 - Sep 2024
<ul style="list-style-type: none">completed 120 hours of training: 90 technical (HTML/CSS, responsive design), 30 soft skills.Built 2 complete static websites during the course, following real business case studies.	
Remote –Freelancing Yard	Sep 2024
<ul style="list-style-type: none">Developed a responsive To-Do web application with CRUD functionality using vanilla JavaScript.Implemented DOM manipulation and local storage.	

PROJECTS

EventLinker – Front-End Developer (Trainee)	Live Demo GitHub	Dec 2025
Event Discovery & Volunteering Web Application		
Digital Egypt Pioneers Initiative (DEPI)		
<ul style="list-style-type: none">Worked in a team of 6 on an event management web platformDeveloped the Event Details pageBuilt a dynamic Profile page that adapts based on different user rolesFocused on clean UI and user-friendly layouts		
Tech Stack: HTML, CSS, JavaScript, React.js, Bootstrap
